### Description

BYD Seal U Boost – Now Available at BYD Wexford

Experience Intelligent Hybrid Performance The BYD Seal U DM-i combines electric-first efficiency with the reassurance of hybrid versatility. Designed around BYD's advanced DM-i Super Hybrid technology, it delivers smooth, quiet electric driving for everyday journeys, with petrol power seamlessly supporting longer trips. Engineered for modern Irish driving, the Seal U DM-i offers low emissions, excellent fuel efficiency,

and effortless performance — without range anxiety or compromise.

### Why Choose the Seal U Boost ?

#### Impressive Electric Range

Travel up to 80km km on a single charge. Ideal for daily commuting, longer journeys, and everything in between — with confidence and ease.

#### Laung haul capcity

Combined range of 1080km with a full battery and fuel tank.

#### Refined Interior & Smart Technology

Enjoy a thoughtfully designed cabin featuring premium materials, generous space, and intuitive technology. Highlights include [screen size] rotating touchscreen, seamless smartphone connectivity, and advanced driver controls.

#### Advanced Safety as Standard

Every BYD Seal U comes equipped with a full suite of advanced driver assistance systems, delivering confidence on every journey and achieving a 5-star safety rating.

#### Outstanding Value

Electric driving means lower running costs, reduced maintenance, and zero tailpipe emissions. Benefit from:

- Low motor tax
- Reduced fuel costs
- Minimal servicing requirements

#### Flexible Finance & EV Incentives

Driving electric has never been more accessible.

At BYD Wexford, we offer:

- Flexible PCP & Hire Purchase finance options
- Competitive monthly payments
- Trade-in options available
- Guidance on SEAI EV grants and incentives (where applicable)

Our team will help tailor a package that suits your budget and driving needs.
